

Hotel Terme Metropole

A spa resort dedicated to oriental disciplines

General

About Hotel

The Metropole, a member of the GB Therm Hotels group, is a short walk from the center of Abano, a well-known SPA town in the Veneto region. This gorgeous 4-star hotel, which is surrounded by a 35,000-square-meter park, is geared to welcome younger guests while also providing a peaceful environment for adults.

The Thermal SPA offers a variety of mud therapy treatments as well as five

thermal pools with varying temperatures. The new freshwater pool, Andromeda, has 24 zones with hundreds of water jets. There are 25 cabins in the Ayurveda Pavilion for relaxing and revitalizing treatments. Children will appreciate the miniclub, which has a movie library, a garden play area, and unique children's menus. An outdoor pool with solarium, ping-pong, minigolf, and an indoor and outdoor gym are among the hotel's amenities.

The Suite is available as a double or with twin singles. VIP welcome with fresh fruit.

Meal plans

- Full Board
- BB and HB - on request

Food & Beverage

Restaurants

- ***Panoramic Breakfast***: the place where to start the day in a healthy and flavourful way with homemade bread and organic products.
- ***Tina Restaurant***, where the delights of Italian cuisine meet a healthy buffet area where over 35 different types of salads and vegetables are served.
- ***Delphinus Restaurant and Grill***, the venue overlooking the pools and the perfect place in summer for a barbecue or a snack.

Bars

- ***Majestic Bar*** is ideal for an aperitif, a drink, and a moment of conviviality or meditation.
- ***Bar Andromeda***, right in the middle of the park is ideal for cocktails and ice creams to be enjoyed outdoors.

Park and the Pools

The Park

- An endless park of 33,000 square meters, where Mediterranean vegetation goes hand in hand with oriental plants and tropical palms.

Pools

Five pools of which four of them with thermal water and one with fresh water for sports swimming, and then again, a life path, playground, and an outdoor gym. In short, endless wellness possibilities.

The thermal water spring is located directly inside the hotel facilities. The thermal water of Abano Terme is salty-bromine-iodine: it contains mineral salts, iodine and bromine in a unique combination featuring precious anti-inflammatory properties.

- ***Andromeda Pool***

Outdoor thermal pool in the park of exotic trees. Water temperature from 33°C to 34°C depending on the season. Its generous dimensions (12 metres wide by 35 metres long) accommodate 24 different sections with hundreds of whirlpools for the well-being of every single part of the body. The optimal course takes about 20 minutes.

- ***Libra Pool***

Outdoors, in the park among the palm trees and exotic trees that create the impression of being immersed in a tropical environment. Water temperature 35°C. Connected to the indoor pool: this allows you to move between several environments and different temperatures.

- ***Delphinus Pool***

Thermal pool in the park, next to the Delphinus Grill Restaurant. Water temperature 30°C. This is our guests' favourite pool during the summer, when the cooled thermal water becomes almost a thrill of pleasure.

- ***Sirio pool***

Outside, among the exotic plants in the park, the only freshwater pool in the hotel and in the whole of Abano Terme. Water temperature from 24°C to 28°C depending on the season. Swimming pool for sports and competitive swimming, or even for cooling off on hot summer days.

- ***Idra Pool***

This is an indoors thermal pool, connected to the Libra outdoor pool. The water temperature is 36°C (97° F). It is ideal for a thermal bath in full tranquility to then continue the relaxation session on the sunbed overlooking the park.

Oriental Thermal Spa

- A Spa dedicated to thermal and oriental wellness treatments to restore balance and harmony to mind and body. The whole atmosphere is designed in such a way to help get rid of stress and daily tension. Here the

therapeutic effects of thermal mud and water join forces with some of the most ancient and natural healing methods: ayurveda, shiatsu, plantar reflexology... all treatments and rituals that help the body to heal itself in a natural way. The goal is to make use of the energy and power in us to feel better.

Sport and activities

- For sports enthusiasts: a tennis court, mini-golf, bowl, table tennis, indoor gym, and an outdoor gym in the park. Bicycles and mountain bikes are available to explore Abano Terme and the Euganean Hills.
